Rules:

- To be able to process registrations quickly and according to your wishes, we ask you (if possible) to coordinate appointments with the desired players in advance and to pass them on to us.
- Bank transfer/cash payment is possible and will be coordinated with the head coaches after registration.
- There is no training on Bavarian holidays and during school holidays. During these periods, however, individual lessons can be arranged with the coaches or the seasonal holiday program (tennis camps) can be used.
- During the season, each participant can only leave the group training at the end of each month. Absences (illness, school trips, etc.) will still be charged until the end of the month. It is possible for other training participants to take over the training place, provided that a homogeneous group (age/playing strength) is guaranteed.
- In case of bad weather conditions (rain, storm, frost) the training is cancelled, or the respective trainer decides whether the training can still take place. If necessary, a request will be made to neighboring tennis halls for an indoor court. If no space is available, the training session will be postponed and made up for later. These lessons can also be made up in other, suitable groups with the consultation of the coaching team/parents.
- Thanks to our new LED floodlight system, training can also take place until 22:00 in summer.
- Morning sessions can be booked at a discounted rate. In general, you do not have to be a club member of TC Rot-Weiß Erlangen to book training!
- Individual training must be cancelled 24 hours before the start of training for organizational reasons.
- We offer rental rackets from Head and Wilson. Please always make sure you wear suitable shoes!
- We try to find the right offer (trainer/time/group) for everyone. If it is not possible to implement the wishes, the coaching team will try to find a compromise.
- Hygiene regulations are always based on the current guidelines and specifications of the Federal or Bavarian Tennis Association (BTV).
