Notes:

- The season starts on 25.04.2022 and runs until 30.09.2022 (15 weeks).
- In order to be able to process registrations quickly and according to your wishes, we ask you (if possible) to coordinate appointments with the desired players independently in advance and to pass them on to us.
- Bank transfer/cash payment is possible and will be coordinated with the head coaches after registration.
- There is no regular training on Bavarian vacations and during school vacations. During these times, however, individual lessons can be arranged with the coaches or the seasonal vacation program (tennis camps) can be used.
- Absences (illness, class trips, etc.) must be charged so that the other participants do not have to bear the costs. A takeover of the training court by other training participants is possible, as long as a homogeneous group (age/playing strength) is guaranteed.
- If the trainer is prevented, a substitute trainer will be provided or the training date will be postponed and made up at a later date. In case of force majeure or bad weather (rain, storm, frost) the trainer will decide if the training can take place. Cancelled lessons can be made up in other, suitable groups with consultation of the trainer team/parents or in a free training camp.
- Morning lessons can be booked at a discounted rate.
- No club membership with TC Rot-Weiß Erlangen is necessary to book training!
- Individual training must be cancelled 24 hours prior to the start of training for organizational reasons.
- We offer rental rackets of the companies Head and Wilson. Please always pay attention to suitable footwear!
- We try to find the right offer (trainer/time/group) for everyone. If it is not possible to realize the wishes, the trainer team will try to find a compromise.
- Hygiene regulations are always based on the current guidelines and specifications of the Federal or Bavarian Tennis Association (BTV).
